## Your Life Insurance Premiums Paid Easy

You know it matters not how rich you may be, when your annual or semi-annual Life Insurance Premium comes due, somehow it just happens you have already spent your money. To avoid this difficult situation we have created a PREMIUM SAVINGS DEPARTMENT, which we handle very much as we do our regular Savings Department.

The plan is to put aside a definite sum every week or month in a PREMIUM SAVINGS ACCOUNT, which will equal, every twelve months, the annual premium on your Life Insurance policy or policies, and you have left the interest it has earned. In this way your PREMIUM SAVINGS ACCOUNT looks after your Life Insurance as it comes due.

Won't you drop in and talk to us? We are always striving to do something to be of service to our customers and friends.

Very truly yours,

THE FIRST NATIONAL BANK

## BLACKMAIL PLOT ALLEGED

LAWYER SAYS HE HAS PAID OUT OVER \$100,000.

Edward Lauterbach, New York Corporation Attorney, Procures Indictment of Edward A. Leet.

New York, Aug. 14.—Edward Lauterbach, 78 years old, widely known as a corporation lawyer, politician and clubman, procured the indictment of Edward A. Leet on charges of blackmail and extortion. It is alleged the amount paid to Leet by Lauterbach exceeds \$100,000.

The criminal action was brought because, it is alleged, Leet recently has threatened to kill Lauterbach unless the payment of alleged blackmail was continued, the latter charges.

Abraham Levy, lawyer, accompanied Lauterbach to the office of District Attorney Swann. Lauterbach later appeared before the grand jury. Leet lives with his wife at 606 West 114th street.

The specific charge upon which the grand jury acted was the extortion of \$25 from Lauterbach June 25, 1915, payment of which was made after threats of exposure and violence by Leet.

A bench warrant was issued by Judge Rosaleky for the arrest of Leet. Levy and his client declined to talk about the case and Assistant District Attorney John T. Dooling was unusually reticent.

Lauterbach produced in the district attorney's office check books showing payments of Mr. and Mrs. Leet of more than \$50,000, only part of what he has paid. He also turned over to Dooling many letters, some threatening violence and death, which bear testimony of Lauterbach, it is said, of the existence of a blackmail plot.

Mr. and Mrs. Leet came here from Scranton 18 years ago. Mrs. Leet was then 25 years old. Her beauty was discussed wherever she went. The Leets had a letter of introduction to Lauterbach.

## HUGHES RESUMES ATTACKS

HE SCORES ADMINISTRATION IN OREGON TALKS.

Republican Nominee Urges American Efficiency in State That Boosted Him in Chicago Convention.

Portland, Ore., Aug. 16.—Charles E. Hughes preached his doctrine of "America First and American Efficiency" in Oregon—the state which, despite his protest from the supreme bench, instructed for him in the primaries. He was to make at least two speeches, and members of his party were authority for the statement that he would cite more concrete instances to support his claim of Democratic incapacity for efficient government.

So far the Republican aspirant for presidential honors has cited instances to support charges of "payment of political debts at the public expense," "incisive and 'wordy' laws in the anti-dumping sections of the Democratic tariff law and failure of the Wilson administration to live up to the platform pledge of protection of American citizens and their property abroad. At Tacoma he added a new charge. That it required a Republican emergency currency measure to tide the Democratic party through the panicky days just at the beginning of the Wilson administration.

It is known the governor has recently received a great deal of data from members of the national committee in New York, including one \$75 telegram. This is a treasure house of information for his use. From now on, in every one of his big speeches, the candidate will attempt to strike a new blow at his political opponents by citation of specific instances supporting his claim.
